## Job Requirements

We seek highly motivated individuals who have a strong record of academic achievement, previous work experience, analytical aptitude, and superior quantitative skills. Other requirements include a client focused approach, excellent communication skills and the ability to function well both individually and as part of a team. Foreign language proficiency is a plus. An aptitude for rapid and calm problem solving is an advantage, as is

## Job Requirements (continued)

familiarity with transaction documentation. Candidates should expect to complete their Bachelor's or Master's degree during the current school year and have a strong academic track record. We welcome applications from all disciplines. Deutsche Bank is an Equal Opportunity/Affirmative Action (MFDV) employer.

## Training and Development

The Global Transaction Banking Analyst Training Program starts with 4 weeks of intensive classroom training aimed at providing you with the fundamental product & technical knowledge you will require to effectively function in your role with GTB. This theoretical learning is consolidated with practical knowledge transferred through the integration of business case studies and Line Delivered sessions throughout. During the Graduate Induction Training Program you will also have the opportunity to gain a broader appreciation of the Bank and network with your peers from all divisions globally through the Global Orientation day and Teamwork Challenge days.

Following your training program your personal and career development will be further supported through Mentoring and Continuous Development programs.

Substantial investment is made in this comprehensive training program to enable each graduate to reach their maximum potential and achieve a successful career with DB.
